Non-submission of a claim on the part of the CLIENT within the above-mentioned timeframes is considered to be a silent acknowledgement of the payment transactions effected and payment services received.

162. The BANK shall not take correction payment transactions in case that a CLIENT has been objectively unable to receive an account statement, if the CLIENT had selected the 'on demand' option as the method of receipt of account statements and more than thirteen months have elapsed since the date of debiting the account.

163. In case the CARDHOLDER would like to dispute the execution of payment transactions effected without his/her authorisation, he/she shall file an official complaint to the competent authorities (Police/Prosecutor's Office) notifying them of the unauthorised use of his/her bank card. The BANK shall inform the CARDHOLDER of all actions to be taken in the dispute process, which may result in an obligation to pay extra fees and costs for the CARDHOLDER. After making a verification, the BANK shall correct/refuse to correct an unauthorised or incorrectly executed payment transaction and shall notify the CLIENT within seven days of receipt of the claim. In this case, the BANK shall refund the amount of the incorrectly completed payment transaction not later than the business day following the day on which the BANK has been notified of or has found the error by initiating a correction transfer to the payment service provider of the beneficiary.

166. The BANK may block an amount up to the amount of a disputed transaction on all accounts of the CLIENT kept with it and collect it *ex officio* without court intervention if the procedure under Article 78 of the PSPSA establishes the authenticity and correct execution of the operation. By entering into contractual relations with the BANK, the CLIENT gives his/her express consent for the blocking of the amount and for its potential deduction.
